CHURCH GOVERNMENT: A TREATISE (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Church Government: A Treatise The substance of over forty years teaching on church government is condensed in the following pages. These teachings were not the same through all generations in course at the seminary, but varied in form and extension from time to time in order to face the changing aspect of controversy in this field of study, where so many questions are open still, and problems which, though settled once, are unsettled again. A tardy compliance with formal petitions of successive classes to have my lectures published will perhaps exhibit much that was not heard in the class-room by any one particular class, and much may be remembered that seems to be omitted here. But all may discern, I think, that there has been no change of principles in the granite foundation of my own convictions, laid by the Bible as interpreted by Westminster literature of the seventeenth century, and the reproduction thereof, with lucid and masterly exposition, by Drs. John M. Mason and Samuel Miller, in the first half of this century. Of course I am indebted to these and like sources for many a thought, and the assimilation is now so complete that it cannot be solved or assigned to this and that derivation.
