## JAMES MADISON: THE THEORY AND PRACTICE OF REPUBLICAN GOVERNMENT (NEW EDITION)

Stanford University Press. Paperback. Book Condition: new. BRAND NEW, James Madison: The Theory and Practice of Republican Government (New edition), Samuel Kernell, In recent years, the study of James Madison and his contributions to early American politics has enjoyed a growing audience among scholars and students of modern American politics. Not only did Madison establish the fundamental American concept of pluralism, his appreciation of the logic of institutional design as a key to successful democratic reform still influences modern theory and research. This book evaluates the legacy of James Madison as the product of a scholarly politician - a politician who thought carefully about institutions in the context of action. It brings together thoughtful responses to Madison and his theory from a broad cross-section of modern political science, and views Madison not as an icon or mouthpiece of an era, but as a "modern" political scientist who was able to implement many of his theoretical ideas in a practical forum.
