## SEX AND VIOLENCE IN THE MEDIA

DOWNLOAD

Cognella, United States, 2011. Paperback. Book Condition: New. 251 x 175 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Sex and Violence in the Media, by James R. Angelini, is a unique anthology examining the content and effects of sex and violence in a variety of mediated environments. Scholarly articles in this anthology bring together the work of many noted researchers in the field of mass communication who examine sexual and violent content of television, film, music, video games, and advertising. The articles here provide a balanced view of the current state of scholarly research in this area without being too specialized in the language used, making the text accessible to undergraduates of all levels while still providing the scholarly research for graduate students and beyond. This anthology sets the stage with an examination of how sexual and violent content can impact audience members emotionally, particularly children. This theme carries on throughout, with unique examinations of content including public perceptions of homosexual imagery in advertising, the impact of music videos on teen sexual attitudes, and the appeal and impact of mediated sports violence. James R. Angelini (Ph.D., Indiana University) is an Assistant Professor of Communication at the University of Delaware, where he teaches Theories of Mass Communication, among other courses. His current research interests include the cognitive processing of media messages, with foci on sports and advertising. He has published several research articles in journals, including Journal of Broadcasting and Electronic Media, Journal of Advertising, Communication Methods Measures, Communication Quarterly, Sex Roles: A Journal of Research, Journal of Homosexuality, and Journal of Language and Social Psychology.
