

Bridge Employment: A Research Handbook (Hardback)

Filesize: 7.11 MB

Reviews

Comprehensive manual for ebook fans. I am quite late in start reading this one, but better then never. Its been written in an exceptionally basic way and is particularly merely soon after i finished reading this publication in which really changed me, affect the way in my opinion.
(Prof. Antone Olson II)

BRIDGE EMPLOYMENT: A RESEARCH HANDBOOK (HARDBACK)

To download **Bridge Employment: A Research Handbook (Hardback)** PDF, you should access the web link listed below and save the document or have accessibility to other information that are have conjunction with BRIDGE EMPLOYMENT: A RESEARCH HANDBOOK (HARDBACK) book.

Taylor Francis Ltd, United Kingdom, 2014. Hardback. Book Condition: New. 232 x 160 mm. Language: English . Brand New Book. With the long-term trend toward earlier retirement slowing, and the majority of older workers remaining in employment up to and beyond statutory retirement age, it is increasingly important that we understand how to react to these changes. Bridge employment patterns and activities have changed greatly over the past decade, yet there is little information about the benefits of the various different forms this can take, both for employees and employers. This comparative international collection provides the first comprehensive summary of the literature on bridge employment, bringing together experiences from Europe, the United States, Canada, Australia and Japan. It identifies the opportunities, barriers and gaps in knowledge and practice, whilst offering recommendations on how organisations and individuals can cope with future challenges in aging and work. Written by international experts in the field, each chapter also makes substantive and contextualized suggestions for public policy and organizational decision-makers, providing them with a roadmap to implement and integrate bridge employment into policies and practices designed to prolong working life - a priority for workers, organizations and societies in the coming decades. This unique research handbook will be useful to a wide range of readers with an interest in the new concept of bridge employment and the extension of working life, and of interest to researchers and practitioners in organizational behavior, labor market analysis, human resource management, career development/counselling, occupational health, social economy and public policy administration.
