An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Which of his works are to be accepted as genuine, necessarily forms the subject of an antecedent enquiry, such as cannot with any degree of safety be conducted except on principles far from infallible with regard to all the instances to which they have been applied, but now accepted by the large majority of competent scholars. Thus, by a process which is in truth dulness and dryness itself except to patient endeavour stimulated by the enthusiasm of special literary research, a limited number of results has been...
