By M. Paul Pandian, Dr. C. R. Karisiddappa

ELSEVIER SCIENCE TECHNOLOGY, United Kingdom, 2007.

Hardback. Book Condition: New. New.. 236 x 160 mm. Language:

English . Brand New Book. Emerging Technologies for

Knowledge Resource Management examines various factors

that contribute to an enabled environment for optimum

utilisation of information resources. These include the digital

form of information resources, which are inherently sharable,

consortia as a concept to bring people and materials together

and unified portals as technology to bring together disparate

and heterogeneous resources for sharing and access. The book

provides a step-by-step guideline for system analysis and

requirements analysis. The book also provides reviews of

existing portal models for sharing resources and identifies the

gap in meeting the objectives. The book provides a framework

for a cost effective unified portal model to share the electronic

information resources available in the participating libraries in a

distributed digital environment. * Makes the basic concepts of

emerging technologies clear and their applications in knowledge

resource management* Examines the capabilities of emerging

technologies for sharing electronic resources in a heterogeneous

environment* Reviews existing portal models available in

commercial, research and development and open source

environment.
