Brand New Book ***** Print on Demand *****.Excerpt from Buddhism in Christendom: Or Jesus, the Essene It has been wisely said that, to understand any solitary religion, two, at least, must be studied. This seems essentially important when the religion is Eastern, and the student has been educated in the West. There is a tendency in the human mind to explain to itself that which is remote by that which is familiar. The Western mind is logical, matter-of-fact, impatient of symbolism. And yet Christianity is an Asiatic religion, and all Asiatics tell us that symbolism is the only language by which the facts of the spiritual world can be treated. Thus it has been shown by the Orientalist, Professor Wilson, that the three Avesthas of the Trinity (translated hypostases by the Gnostics) have come from India. Colebrooke has pointed out that the hymns of the Rig Veda, though avowedly addressed to many deities, are, according to the most ancient annotations of the Indian scripture, resolvable into a triad, and, ultimately, one God. It seems to result from this that the meaning of this triad may be more profitably sought in the ancient Indian books than in vaticinations of the blunt and literal monks that composed the Council of Nic a. We interpret the great drama that began our era by our local experience. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
